Ratepayers Will Vote Nov. 21

NOMINATION DAY NOVEMBER 3

Third and final reading was given a by-law of the Town on Tuesday night at the Town Council meeting, providing for a vote on the water and sewer question to be taken Friday, November 21. The vote will be for proprietary electors only, since it involves the expenditure of money. The poll will open at 10 a.m. and close at 7 p.m. of the same day.

A full report of the intent of the bylaws to be voted on is contained on the inner pages of this week's issue of The Standard.

Provision was also made to hold a nomination day on November 3, when nominations for councillor will be received up until noon. The nominations are for the purpose of electing a councillor to replace Mr. G. Smith, whose resignation was received at the Tuesday meeting. Mr. Smith tendered his resignation when he ceased to reside in the town.

A hearty vote of thanks to Mr. Smith for the work he had done on the Council was passed unanimously by all members.

Lions Cover Bonds

It was announced at the last meeting of the Lions Club that the club has again taken on the sale of Canada Saving Bonds in the area and that chairmanship of the committee is vested in W. E. Springthorpe.

Members of the Club who are covering definite areas are G. Riddon and J. Giffen for the north; L. Hilton, the north and west area; C. Scott the south; W. E. Springthorpe and W. Mercer the north and north east; C. Harvey the east and north east, and J. Scheer the east and south east.

The dinner was catered for by Messrs. S. C. Coldwell, S. H. Crowther and J. Vermut and following the dinner a rousing song was led by Rev. D. A. Ford.

W. E. Springthorpe addressed the club following a business session, choosing as his topic the Lions Code of Ethics. The speaker elaborated on the growth of the code and the organization, and carried on to explain the need for greater acceptance and practice of such a code in the world today.

A zone sports committee was appointed, consisting of S. H. Crowther, George Anderson and Keith Baldwin. It is expected that their first endeavour will be to check on arrangements for an inter-club curling match.

Runaway Auto

Bill Woodliffe was really "open for business" on Tuesday afternoon, when not only the door, but the whole front of his shop was open to the public.

A light delivery, belonging to Soren Hansen, parked across the street, rolled away from its parking site, and climbed the curb, to smash in the entire front of Bill's shop. Plate glass was flying in all directions, but Bill, who is getting somewhat used to this sort of thing, calmly went on cutting hair.

"This is the seventh time this sort of thing has happened to Bill. 'Maybe it was a good thing,' said Bill later on. 'I'd have had to wash it pretty soon if it hadn't been smashed.'"

Blood Clinic Tuesday

Strathmore's first peacetime blood clinic will be conducted by the Red Cross Society in the Memorial Hall on Monday, October 28. It is understood that appointments have already been made for those donors registered, but it is hoped that many more donors will present themselves. Arrangements may be made through Mrs. M. MacKenzie.

Dieting prior to the giving of blood is no longer necessary, and it is pointed out that the operation is free from pain or discomfort. Holders of donor cards are asked to bring them along for credit towards tokens.

The collecting of blood under the new peacetime method is done only as demands come in, and it is therefore necessary to ensure a constant flow of sufficient quantities. No charge is made to the patient receiving the service later on.

OBITUARIES

Funeral services were held at the United Church, Strathmore, on Saturday, October 18, for the late Charles Walter Schultz aged 85; who died at his home near Rockyford October 12.

Mr. Schultz came to the Strathmore district in 1908 and resided here until about 8 years ago when he moved to the Rockyford district. He was very active and enjoyed working around his farm in spite of his advanced age.

He is survived by one sister, Mrs. Bingham, in South Dakota; two brothers John and Frank in Montana; a number of nieces and nephews; grand nieces and grand nephews. His wife predeceased him in September 1927.

Mr. John Schultz came up from Montana for his brother's funeral, also a niece and her husband, Mr. and Mrs. Paul Weeks.

Rev. Cowan of Rockyford with Rev. Hamilton of Strathmore officiated at the services. Interment was in Strathmore Cemetery.

The pall bearers were Jimmie Saar; Kenneth McLaughlin; Leonard McLaughlin; Fred Wonnacott; Paul Weeks and Frank Harriman. The first four being grand nephews of the deceased. Arrangements were in charge of Melnis and Holloway.

Field Secretary Talks in Strathmore

Miss MacKenzie, Canadian Field Secretary of the Women's Missionary Society, was guest speaker at Strathmore's W.M.S. Tuesday. It was an especially happy occasion as the Namaka W.M.S. were guests of the local group, and thus a larger number was privileged to hear this very interesting and worth while address.

The main feature of the address was the hope of uniting in Christian Fellowship the various nations of the world. She based her remarks on "One Faith and One Fellowship for All Nations" and stated "It can be done if only we will take the right way."

The address was built on the following divisions: Responsibility, Doing our best to build and preserve Unity and Fellowship, and Participation on our part of everything that is best in our own locality.

A question hour followed in which Miss MacKenzie ably answered all questions.

Speaking of Japan, she stated "It is the most literate country in the world," — a statement which caused a little surprise to some of her hearers.

Strathmore and Namaka were especially fortunate in this visit of the Field Secretary, it being made possible by Miss MacKenzie's visit with the Cavalcade Group in Calgary. Mrs. D. N. McMurray, Pres-

Mrs. Petersen Passes

Funeral services for Mrs. Carl Petersen, widow of the late Ingmar Petersen, were held Monday from Jacques Funeral Home at 1:30, Rev. S. R. Hunt officiating.

Mrs. Petersen had been a well beloved resident of Strathmore for several years. She and her husband having lived here for some time. Mr. Petersen passed away in 1936 and since that time Mrs. Petersen has resided with her daughter, Mrs. E. Whiteside, formerly of Strathmore but now of Calgary.

Possessing a kindly helpful disposition, Mrs. Petersen scattered sunshine generally, until failing health lessened her activities.

Surviving are one daughter, Mrs. Whiteside, and two sons, Isaac and Alex.

Pall bearers were Mr. Carl Sorenson, G. W. Cox, E. E. Nichol, D. A. Blackley and W. McNeill.

NAMAKA NOTES

Mr. and Mrs. Bobby Biggar are receiving congratulations on the birth of a baby boy, Allan Andrew, born in the Grace Hospital on October 15.

Ernie Jones of Calgary spent the weekend with his grandmother, Mrs. Watts.

Mr. and Mrs. C. Mackie spent Sunday visiting at Arrowwood.

Mr. and Mrs. Whitman of Calgary

Ratepayers to Vote on Water Nov. 21

It was agreed that a check should be made on the growing frequency of infractions of parking by-laws, when it was pointed out that Saturday night finds laneways plugged, parking area in front of the theatre and the doctors office used, and cars extending into the crosswalks at corners. It was pointed out that the theatre is required to be clear by provincial law, against the possibility of fire, that laneways must be clear to permit movement of the fire truck, and that the doctors office should be clear for obvious reasons.

It was agreed that offenders in the future should receive a ticket from the Town Policeman, carrying either a warning or prosecution as the case may be. Most councillors felt that motorists who play the game would appreciate the move.

A check will be made to obtain the services of an assessor at an early moment, since the law requires that the Town be reassessed next year.

A letter was received from the W.D. asking for better street lighting on the laneway into their property from the highway. It was Continued on Page Two

Mrs. Alex Peterson accompanied her folks Mr. and Mrs. C. W. Watson to Cloverdale, B.C. on Monday. Mrs. Peterson will visit with them for several weeks.

Mr. and Mrs. H. Stettner entertained at a goose dinner on Sunday for Mr. and Mrs. Andy Thomson and family and Mr. and Mrs. A. Maki and family from Strathmore.

Howard Roppel of Rockyford won top place at the seed fair held at Drumheller last Saturday when his entry of Red Bobs was judged superior to those of the members from Craigville, Wayne and Drumheller. In previous competition, his sample had won out over entries of the Carbon and Trochu clubs, and was accepted at Drumheller as the champion of the district. His sample weighed 67½ pounds.

The Rockyford club also won the McGavin shield for the highest average score of members; the Rockyford score being 78.4. This is their second year in this shield, and also the second year that the championship entry has come from Rockyford.

Stories of Howard, Bernard Hendricks and Audrey Roppel will all go to Toronto, where they will compete in the national junior grain club competition at the Toronto Royal Winter Fair. Audrey Roppel's sample won second place for the

Dominion at last year's fair, while her sister Marjorie's won first place for all Canada.

The Rockyford juniors are skippered by R. J. Milligan, District Agriculturist at Strathmore, and credit is due Mr. Milligan's efforts in so consistently producing winners.

TOWN COUNCIL

pointed out that there were many areas in town where additional light would be desirable, and until a more general move could be made, it was felt not expedient to make the move requested.

Following a request from the Community Council for assistance in repairing the breach at the skating rink caused by the moving of the curling rink, it was agreed that the Town would pay for material, up to \$400, which the Community Council undertook to erect. It is hoped that plans may be made for improving the whole set-up in the near future.

The manufacturer of the Town elven will be written for information concerning parts for the machine now not operating. Many requests have been received from residents apparently, as to when it would again be in operation.

Arrangements will be made to sprinkle ashes on the approach on Main Street to Lambert Park, and to fill the potholes in the lane be-

NAMAKA NOTES

Mr. and Mrs. Henry Tieszen of Gem have purchased the A. A. Tweas farm and will be moving in shortly.

Several members of the Namaka W. A. were guests of the Strathmore Missionary Society at Mrs. Hamilton's home. They report a very enjoyable afternoon.

George Peterson is spending some

time at home after having the misfortune to lose part of a finger while working with a gravel crushing machine.

With reference to a recent item on the value of farm manure, which appeared in the Budget, a correspondent points out that such manure restores fertility to the soil, and consequently is important as a soil drifting precaution. This is an important feature which must be considered in estimating the value of manure spread on land.

STOBART

Mr. and Mrs. Bert James of Black Diamond and Mr. and Mrs. Dux James of Calgary were visitors at the home of Mr. and Mrs. W. Cook during the holiday.

Mrs. L. Lilja has been on the sick list with flu and quincy. We all wish for her a speedy recovery. Mr. and Mrs. Cliff Tower and baby Donnie were Calgary visitors a couple of days last week. Thackgiving holiday brought lots of hunters from Calgary to the Stobart area. Most of them went home with empty bags however, as shooting is poor at present with the ducks and geese feeding on the Indian reservation.

Mr. Jim Parker of Calgary spent the weekend with Mr. and Mrs. George Melman.

Mr. and Mrs. T. Collins returned from a trip to the Coast, where they visited their daughter and son in law.

CARSELAND NOTES

Mr. and Mrs. D. McKinnon are on a three weeks vacation at Vancouver and Washington where they are visiting with Mrs. McKinnon's sister and family.

A farewell party given by Miss H. McKinnon honoring Miss June Gehrke, who has left the district to join her parents at Tacoma, Washington, was held at the McKinnon residence on Saturday, Oct. 11. June was presented with a smart Ronson Lighter completely initialed and engraved. Fourteen of her closest friends were present for the occasion and a grand time was had by all.

Mrs. Brooks of Picher, Albert is visiting with her sister, Mrs. A. Ostrom.

Mr. and Mrs. W. Wilde of Okotoks is visiting with her father Mr. Martin Christensen.

Mr. and Mrs. B. McKinnon spent the weekend with Mr. and Mrs. C. Ealton.

Mr. and Mrs. Jim Groves are accompanying Mr. and Mrs. Stan Korok to D.C. where they will drop off at Albergo to spend a few days with Mrs. Grove's parent. Mr. and Mrs. Pete Volght.

Keith Robson brought in a couple of dry land potatoes, Bliss Triumph, that topped the scales at 3 pound a piece, brought in byetaim etas a piece, the other day, Saturday, a potato, brought in by Mr. W. Bergquist (variety unknown) topped the scales at 3 pounds 5 oz.

If we can round up some with a few more ounces, Carseland might have a record spud for the 1947 season.

Mrs. George Meyers of High River is spending a few days with Mr. and Mrs. W. T. Giles.

Congratulations to Mr. and Mrs. W. T. Giles, who celebrated their Golden Wedding Anniversary, Oct. 20, by holding open house to all their friends.

Mr. and Mrs. W. Briscoe of Turner Siding spent a few days with Mr. and Mrs. L. Briscoe.

Mrs. W. Laurie is visiting a few days with her daughter and son-in-law, Mr. and Mrs. Robert Comeau prior to leaving for Vancouver where she will spend the winter months with her daughter and son in law, Mr. and Mrs. H. Melendy.

The Chicken Supper was well attended and the Bazaar held upstairs was very well patronized. The members of the Ladies Aid greatly appreciated all the support given by the community.

Rev. S. J. Hunt was chairman for the highly entertaining program which followed.

EVERYBODY'S BUSINESS

Have you picked the next goal in your career?

This may be a job higher up. It may be a broadened field of operation. Or it may be a plan for improving a farm, store or other business. But, whichever applies in your case, the important thing is to choose some goal and work ceaselessly towards it.

But before you start, make sure that you are distinguishing properly between day-dreams and practical objectives. Then work out a definite plan of operation, utilizing all the information you can get on the subject.

It is helpful, too, to picture yourself as having already attained your goal. This has the effect of making you willing to assume more responsibility and to think progressively.

Even people who are content with their present status often yearn for a "better deal". But they get nowhere because they do not work towards a goal. If they did, they would soon achieve the success they want.

The main objective of the life insurance companies in Canada is to provide maximum security at the lowest possible cost. Much progress towards this goal has been made — for today over 4,500,000 Canadians are life insurance policyholders.

Tombola Attracts Big Crowd

For almost four hours on Wednesday night crowds thronged the dining room of the Memorial Hall lured by the choice turkey dinner they knew was awaiting. 472 dinners were served. Ladies and young girls of the Sacred Heart Church in large numbers served faithfully the many who sat down. Many were compelled to stand in line for a long time before gaining admission to the dining room.

A Tribute to C. W. Schultz

Having been a neighbor of the late C. W. Schultz extending back to 1910, and having seen a good deal of him in the early days, I would like to add a word of tribute to his memory.

"Old Charley" as he was popularly known to many of us in those days, was a familiar figure between Strathmore and Orange Valley, and I think he had a hand in getting the first school started in 1909. He was a good, if not spectacular farmer, a good neighbor, and a man of his word, who could be depended on to carry out his promise in full. This latter in the hard times, was not always so easy to accomplish. He and his wife, especially towards the time of her death had perhaps more than their share of sickness, but always managed to keep smiling.

I felt sorry that there was not a larger attendance at the funeral of an old timer, who in my mind was a sort of type of settler, from which the country might have benefited by a few more of his sort.

Under The Street Lamp

by PAT O'HOOOLEY

Ray Wilkinson tells the story of how at the end of their first week of married life, he gave his wife his entire pay check, keeping only one dollar for himself. But on the next pay day he reversed his decision, and gave Mary the dollar, putting the rest in his own pocket.

"What good is this to me?" exclaimed Mary. "How am I expected to manage on one dollar?"

"I can't say, dear," replied Ray. "I know I had an awful job making it do last week."

Smooth salesman: "That's a pretty dress you have on."

Pat Hermanson: "Yes, I just wear it to teas."

Salesman: "Tease whom?"

Eva Gannon was unpacking their goods for a weekend's camping.

"Jim!" she thundered, as she came upon an unopened bottle of whiskey. "What's the meaning of this?"

"That's all right, dear," said Jimmy. "I just brought it along to stick a candle in when it's empty."

Lauretta Harwood: "Your eyes remind of a bird."

Gerry Robison: "Why?"

Lauretta: "Because they flit from limb to limb."

The lecturer was emphasizing the demoralizing effect of divorce.

"Love," he said, "is a quest; a proposal, a request; the giving of a daughter of marriage, a bequest, and marriage itself the conquest. But what is divorce?"

Syd Coldwell (from the back): "The Inquest."

Bob Hambley: "What's the meaning of de luxe?"

Bert Donovan: "You pay about fifty per cent more for de looks."

Gordie Potter and Jack Milligan went on a hike the other weekend, and after walking off by himself a short time, Jack returned with some rattle-snake rattles.

"Where on earth did you get them?" asked Gordie, with alarm. Jack beamed broadly. "Off'n a woin."

Peggy Henderson, (rather apologetic after being critical): "I really didn't mean to be nasty but..."

Jean Koch (sweetly): "You just can't help it."

Miss Lohrman: "What did the Prince Charming do to wake the Sleeping Beauty?"

Carol Bremner: "I don't know."

Miss Lohrman: "Now, what does Mother give you when you wake up in the morning?"

Carol: "A spoonful of cod-liver oil."

After a gay evening in the Mandarin, the party at one of the tables rose to leave. Beckoning a waiter, Jerry Robison asked: "Is it raining outside?"

"Sorry," replied the waiter coldly. "This isn't my table."

Bob Milligan: "All this talk about feminism is utter rot. There isn't a woman alive who wouldn't rather be beautiful than clever."

Audrey Milligan: "Quite true, Bob, but the reason for that, you see, is that so many men are stupid and so few are blind."

The Elector's List

Among recent items discussed at the Town Council was the matter of drawing up a list of electors, which is a job the secretary is required to do, whether any election is contemplated or no.

Notices are posted in various places about the list, notices, which we suspect, are rarely ever read. Informing all persons that the responsibility for seeing that

their name is on the list, is their own, and not the secretary's. The qualifications for elector are fairly broad, and it is more than likely that many are eligible who have no idea of this. We feel that it is not only a civic duty, but also good sense, to look into the matter and see that their name is on the list. Who knows what votes may appear in the next year?

Drivers Take Tests

With the inauguration of driving tests for new drivers' licenses, starting in 1948, many are looking for a rapid decrease in the number of accidents on the highways. It is presumably with this idea in mind that the Provincial Government has instituted this measure. But we doubt if it is likely to have much effect on this aspect of the case. Tests have shown that it is the driver who has been driving for about five years, who has

never had an accident, and who feels fairly safe, who turns in the greatest proportion of accident reports.

It is not lack of experience on the roads that causes these accidents, but the momentary lapse of the odd moment, when not all of the driver's attention is focussed on the road.

But we think it may have a salutary effect, anyway, merely from a psychological point of view.

An Insult to Canada

— Reprinted from the New York Journal-American—

For nearly a century and a half the peoples of the United States and Canada have lived as neighbors and traded with each other in a constantly increasing spirit of mutual good will.

Now this unprecedented animosity across the world's longest unfortified frontier has been wantonly married—and may be irreparably damaged—by an edict, unprecedented but wholly unwarranted action undertaken by the U.S. Department of Justice.

The Department has instituted an "investigation"—or perhaps a prosecution—of the CANADIAN newspaper industry under the AMERICAN anti-trust laws.

CANADIAN companies have been SUBPOENAED to appear in a UNITED STATES DISTRICT COURT and to bring FROM CANADA, for examination in NEW YORK, most or all of their correspondence files and other records, INCLUDING CORRESPONDENCE BETWEEN THESE CANADIAN COMPANIES AND THEIR U.S. GOVERNMENT.

Canadian resentment at this form of invasion, which has reached an acute stage, has resulted for a number of reasons.

FIRST—The newspaper industry is the leading industry in Canada, and the United States is its most accessible and by far its largest customer.

If its market below the border is diminished because of an extraterritorial invocation of our restrictive laws, the prosperity and progress of all Canada will be adversely affected.

SECOND—If the Canadian industry can be prosecuted by the United States Government, any and every other Canadian industry having trade relations here can be similarly assailed.

This prospect is causing a great deal of apprehension in Canadian business and financial circles.

THIRD—The newspaper industry does not operate in secrecy.

An editorial published on September 12 in The Gazette, of Montreal, said:

"The whole newspaper situation, including the problems and views of both paper producers and U. S. subscribers, was given a thorough airing during the past Winter and Spring before appropriate committees of both the Senate and House of the U. S. Congresses."

Declaring further that the companies "have nothing particular to hide" and have "shown full co-operation in furnishing data on their position upon request from other U. S. official bodies," the same editorial continues:

"Full information on their operations has been made a matter

of public record through company reports and joint bulletins and HAS BEEN SCANDALIZED BY CANADA'S OWN COMBINED INVESTIGATION COMMISSIONER.

"If they refuse to heed the U. S. subpoena, it possibly will be made to appear that they are trying to conceal something reprehensible."

"And if they accede to the court orders they will appear to be acknowledging authority of FOREIGN COURTS AND GOVERNMENT AGENCIES to which they are in no sense subject."

FOURTH—The Department of Justice proceeding is an affront to the Canadian Government.

Again expressing the Canadian view, The Gazette asserted:

"It is remarkable enough that the Department should consider such a probe either necessary or WITHIN ITS JURISDICTION."

"The authority of the Justice Department hardly extends to enterprises operating WITHIN THE BORDERS OF ANOTHER FRIENDLY AND SOVEREIGN STATE."

"Even more remarkable, the Department has sought in pursuit of its inquiry TO COMPEL OFFICERS OF CANADIAN NEWSPRINT COMPANIES, INCORPORATED AND FUNCTIONING IN THIS COUNTRY (CANADA), TO APPEAR IN U. S. COURTS TO SUBMIT TO INQUISITION."

"The validity of this astonishing procedure is strongly open to challenge, quite apart from the justification for an inquiry with such earmarks of a political witch-hunt."

"The effort to force business concerns in another country to open their affairs to snoopers of a U. S. Government agency WAS UNDERTAKEN WITHOUT CONSULTATION WITH THE CANADIAN GOVERNMENT, and apparently without ANY EFFORT to obtain pertinent information from or through Canadian authorities."

"It has reportedly persisted DESPITE PROTEST FROM CANADA TO THE U. S. STATE DEPARTMENT."

From the Canadian side alone, there is plainly enough to demand that the senseless procedure of the Department of Justice be stopped.

And the action is equally injurious from an American point of view.

Canada has become our principal source of newspaper news. During the war, when European supplies were cut off, Canada—as a contribution to the war effort—increased its production and is still doing so.

This country benefits by the increase.

Loss of any part of the Canadian market for newspaper in the United States means a corresponding loss in the Canadian market for Amer-

CURLERS MAKE BIG STRIDES

Tremendous progress is evident in the curling rink in the past week, with the final section having been swung into place on the roof, and roofing having been applied more than half way down. Volunteer workers were plentiful, and a great deal of work was accomplished, partly because of the very poor weather for harvesting.

A crew gathered on Sunday, also, and using machinery of the municipality, excavated a basement near the street end of the building, and levelled up the floor considerably. Further leveling will be done with the town tractor and blade. Since it is smaller and more maneuverable, it will work better in the enclosed area.

About one third of the roof remains to be completed, and then work on the inside waiting rooms will go ahead full tilt. Some of this work has been accomplished already, but the main effort has been to get the roof done so that the building will remain to be accomplished, and installation of the furnaces.

Many curling entries from outside points have been received already, and the secretary hoped that any contemplating curling this year would let him know early in the season, in order to facilitate preparation of rinks and draws. It is expected that a considerable increase arrive this year, since the Gleichen rink has been closed, and many Gleichen curlers will be coming to Strathmore. Entries have also been received from Lytla and Langdon on the west of the area.

Anyone with time to do a day's work on the building will certainly be appreciated by the committee, and are asked to get in touch with J. Harwood or Bill Woodliffe.

MEAT CEILINGS OFF
 The buoyant Canadian economy was freed another post-war notch today as the government announced abolition of price ceilings on meat and meat products and on oats, barley and screenings but still held the line on vital price tags such as rent control and its feed grain freight assistance policy.

Like-wise, if an American bureaucracy can police the business of ONE foreign country, it can interfere in all countries; in which case America will have few friends abroad and our exporters will be become commercial orphans.

Furthermore, the Canadian source of news—that is one of the essentials of a free press in the United States.

If the Federal Government can restrict or control the newspaper supply, IT CAN DEPRIVE THE AMERICAN PEOPLE OF THE FULL SERVICES OF A FREE PRESS, and it will have in its possession a potent weapon for influencing the EXPRESSIONS AND OPINIONS of the press.

Considering the available record, the suspicion is justified that the AMERICAN prosecution of CANADIAN enterprise is not a bonafide enforcement of our anti-trust laws. Some New Deal functionary must have "thought it up" for reasons that ought to be obvious.
